CRITERIA AND STANDARDS FOR REVIEWING SCHOOL DISTRICT INTERIM REPORTS

The following narrative is presented in the same sequence as the accompanying 2018-19 Second Interim General Fund Summary – Unrestricted/Restricted Revenues, Expenditures, and Changes in Fund Balance. Individual summaries of unrestricted and restricted General Fund Revenue and Expenditures are also included.

A) REVENUE

- 1) <u>Property Tax/LCFF</u> Projected LCFF sources decreased by \$592 to reflect the estimated Education Protection Account (EPA) entitlement funding based on ADA. Projections for current year secured property tax continues to be 5.0 percent over prior year collections.
- 2) <u>Federal Revenue</u> When compared to the first interim budget, federal revenues are up \$4,226. Federal revenue represents 1.4 percent of total General Fund. It comprises funding for Special Education and No Child Left Behind (NCLB), including Title I, Title III and Title IV. Allocation amounts in the apportionment of Title I funds were revised and final allocation amounts will be determined in the spring.
- 3) Other State Revenue The State Controller's Office (SCO) allocates lottery funding based upon prior year annual ADA until the actual annual ADA is available for the current year. The recalculation of lottery funding indicates a decrease of approximately \$13,051.
- 4) Other Local Revenues Local revenue increased by \$95,714. The increase is due to local and school site donations received throughout the year. Revenue is recognized in the budget when the funds are available or received.

B) EXPENDITURES

- 1) <u>Certificated Salaries</u> Total certificated positions have not changed since the first interim budget. However, this category decreased by \$103,294 to account for savings from normal attrition and other staffing adjustments related to the board approved plan to provide teachers professional training, particularly in the area of secondary mathematics.
- 2) <u>Classified Salaries</u> This category decreased by \$44,649 to reflect actual staffing levels in classified support and substitute positions.
- 3) <u>Employee Benefits</u> The CalSTRS Early Retirement Incentive Program is based on a one-time retirement contribution. The district has budgeted approximately \$800,000 for all eligible certificated employees anticipated to take advantage of this program. Based on preliminary data, the district is projecting to achieve savings in future years. Other offsetting costs are a direct result of the certificated and classified adjustments mentioned above.
- 4) <u>Books and Supplies</u> Funds were originally set aside for the next major textbook adoption, History/Social Studies. Plans to purchase these new instructional materials follow a rigorous process for evaluation and stakeholder participation. Based on some assumed courses and proposals for print material, online subscriptions and teaching resources it is estimated that the budget for books and supplies can be reduced by \$138,535.

- Services and Other Operating Expenditures In addition to focusing on capital projects, the Facilities, Grounds, and Construction Department has dedicated its efforts in various repairs and routine maintenance projects across the district. An increase of \$186,331 in services and other operating expenditures can be attributed primarily to these essential services. Other costs include utilities, special education placements and professional development training for teachers.
- 6) <u>Capital Outlay</u> A decrease of \$217,878 in capital outlay is due to the shifting of some facility and districtwide projects to the following year.
- 7) Other Outgo No changes at Second Interim.
- 8) <u>Transfer of Indirect/Direct Support Costs</u> No changes at Second Interim.

D. OTHER FINANCING SOURCES AND USES

- 1) <u>Interfund Transfers</u>
 - a) Transfers In No changes at Second Interim.
 - b) Transfers Out A General Fund transfer to the Cafeteria Fund in the amount of \$85,000 is budgeted to maintain a positive ending fund balance. A five-year projection for the child nutrition program reveals that the current contribution is not sufficient to address the declining participation since the implementation of stricter nutritional regulations over the past few years. In addition, food and labor are the major costs in the food service department. Needless to say, state-mandated increases in pension contributions have added to operating costs and are expected to continue to rise.

F. FUND BALANCE

Fund balance meets requirements, as it is not less than the sum of its components.

SUMMARY

CASH FLOW ANALYSIS

Requirements are met as an analysis indicates that there will not be a negative cash balance at or before the end of the fiscal year.

MULTI-YEAR COMMITMENTS

There have been no multi-year commitments in the General Fund since budget adoption.

CONCLUSION

At this time in the fiscal year, the District is in a satisfactory financial condition. It is recommended that, based upon the Second Period Interim Report, the Governing Board approves the following:

- 1. A positive certification that this District will be able to meet its financial obligations at year-end and two subsequent fiscal years.
- 2. Revisions to the Operating Budget as outlined in this report.

2018-19 Second Interim General Fund School District Criteria and Standards Review

7. CRITERION: Facilities Maintenance

STANDARD: Identify changes that have occurred since first interim projections in the projected contributions for facilities maintenance funding as required pursuant to Education Code Section 17070.75, or in how the district is providing adequately to preserve the functionality of its facilities for their normal life in accordance with Education Code sections 52060(d)(1) and 17002(d)(1).

Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: The Proposition 51 school facility program requires the district to deposit a minimum amount equal to or greater than three percent of the total general fund expenditures and other financing uses for that fiscal year (as EC Section 17070.75 read on January 1, 2015).

For all other school facility programs, AB 104 (Chapter 13, Statutes of 2015, effective January 1, 2016) requires the district to deposit into the account, for the 2017-18 to 2019-20 fiscal years, a minimum that is the greater of the following amounts:

- A. The lesser of three percent of the total general fund expenditures and other financing uses for that fiscal year or the amount that the district deposited into the account for the 2014-15 fiscal year; or
- B. Two percent of the total general fund expenditures and other financing uses for that fiscal year.

DATA ENTRY: Enter the Required Minimum Contribution if First Interim data does not exist. If EC 17070.75(e)(1) and (e)(2) apply, input 3%. First Interim data that exist will be extracted; otherwise, enter First Interim data into lines 1, if applicable, and 2. All other data are extracted.

'Available reserves are the unrestricted amounts in the Stabilization Arrangements, Reserve for Economic Uncertainties, and Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent

	superintendent.

LAGUNA BEACH UNIFIED SCHOOL DISTRICT FUND DESCRIPTIONS

- **FUND 01** The General Fund is the chief operating fund for Laguna Beach USD. It is used to account for the ordinary operations of the district. All transactions except those required or permitted by law to be in another fund are accounted for in this fund. Restricted projects or activities within the general fund must be identified and reported separately from unrestricted projects or activities.
- **FUND 11 The Adult Education Fund** is a separate fund used to account for state appropriations and to finance specific programs for the education of adults. Funds can be expended on salaries, benefits, supplies, books, services, and equipment related to adult education programs (Education Code Section 52616.4).
- FUND 13 The Cafeteria Fund (Nutrition Services) is used to account separately for federal, state, and local resources to operate the food service program (Education Code sections 38090-38093). The purpose of the food service program is to provide nutritious meals to the students. The District participates in the National School Lunch Program and the School Breakfast Program. The District serves approximately 500-550 lunches and 200-230 breakfasts to the students from kindergarten through twelfth grade on a daily basis.
- FUND 17 The Special Reserve Fund for Other Than Capital Outlay Projects is used primarily to provide for the accumulation of moneys for general operating purposes other than for capital outlay (Education Code Section 42840). On May 11, 2004 the Board of Education approved the target of reserving two-thirds of the basic aid differential (the difference between Revenue Limit funding and Basic Aid funding) to be achieved by June 30, 2009. Funds reserved for the Basic Aid differential are deposited into this fund.
- **FUND 25** The Capital Facilities Fund (Developer Fees) exists to account for monies received as mitigation fees levied on developers, property owners or other agencies as a condition of approving new development or additions to existing real property. The authority for these levies may be local government ordinances (GC 65970-65981) or private agreements between a school district and the developer. Expenditures from this fund are to be used for the purpose of funding the construction or reconstruction of school facilities (Education Code sections 17620-17626).
- **FUND 40** The Special Reserve Fund for Capital Outlay Projects exists to account for the accumulation of moneys for capital outlay purposes (Education Code Section 42840). This fund is separated into three sub-funds in accordance to with resolutions #01-02, #14-02 and #14-03.

Sub-fund 4040 exists to account for the Facility Repair and Replacement Program (FRRP).

Sub-fund 4041 exists to account for the **Vista Aliso property reserve**. The District holds a repurchase agreement on the property.

Sub-fund 4042 exists to account for the **Capital Improvement Plan (CIP)** that goes above and beyond prior commitments for repair and replacement needs, but extends to improvements of facilities for program and enrollment growth. A ten-year plan will be developed and revised, at least annually, to prioritize major projects.
