## CDE's Vision for Artistic Literacy

- Promote self-awareness, respect, and empathy
- Instruction on **diversity** in the arts
- Incorporate the cultural assets students bring to the classroom
- Adopt culturally responsive and sustaining curricula that cultivate positive identity development and ownership of learning
- Prioritize student voice, interests, and inquiry

We take it for granted that nearly everybody can learn to read and write. If a person can't read or write, you don't assume that this person is incapable of it, just that he or she hasn't learned how to do it. The same is true of creativity.

~Sir Ken Robinson
