Approval: Interdistrict Attendance Agreements Student(s) From Other Districts

Proposal

Staff proposes the Board of Education approve the following Interdistrict Attendance Agreement requests for students to attend Laguna Beach Unified School District.

Background

Board Policy 5035 and Education Code 48204 provide for Interdistrict Attendance Agreements. Because of limited District resources, the Governing Board discourages transfers into the District and will consider approving such transfers only on a case-by-case basis through an Interdistrict Attendance Agreement with another district.

Implications

This proposed action would approve the requests of non-resident students to attend Laguna Beach Unified Schools. The requests are for the **2016/2017 school year**.

Budget Impact

The budget impact that will occur as a result of this action is approximately \$8,500.00 per school year per student. This represents the estimated annual cost per student. The spreadsheet below outlines the number of Interdistrict Transfers into LBUSD for 2015/16 and 2016/17.

Approval: Interdistrict Attendance Agreements – Resident Students to Other District(s)

Proposal

Staff proposes the Board of Education approve the following Interdistrict Attendance Agreements for resident students to attend another school district.

Background

Board Policy 5035 and Education Code 48204 delineate the conditions for Interdistrict Attendance Agreements. These agreements are based upon factors intended to positively affect student achievement and welfare. The Agreement must also be approved by the Board of Education of the cooperating district.

Implications

The action will allow resident students to attend another school district. It is the practice of staff to recommend approval as per Board policy; however, Board members have the option to consider each case separately and approve or deny requests. The requests are for the **2016/2017 school year**.

Proposal

Staff proposes the Board of Education approve/ratify Warrants #389645 through #389810 in the amount of \$1,037,513.18.

Background

Warrants are issued for necessary equipment, supplies and services. The warrants processed include previously Board approved contracts and/or budgeted expenditures within the Board approved operating budget.

The warrant list is generated in our business office in accordance with supporting documentation and coded in compliance with the State Account Code Structure (SACS). The list is then transmitted to the Orange County Department of Education where requests are audited and warrants are ultimately issued.

Budget Impact

The warrants are in accordance with the approved 2016/2017 District Operating Budgets.

Recommended Action

Staff recommends the Board of Education approve/ratify the warrants in the amount of \$1,037,513.18.

Approval: Approval of an Independent Contractor Agreement with University of California Irvine, History Project Consulting Services, in an Amount Not-to-Exceed \$19,400.00

Proposal

Staff proposes the Board of Education approve a contract for consulting services by the UC Irvine History Project (UCIHP). This consulting will provide a comprehensive program for elementary and secondary history-social science teachers as they continue to implement the Common Core State Standards and begin to learn about and incorporate the new California History-Social Science Framework into their curriculum. The ideas presented will be adapted to suit the needs of the teachers and district goals.

Background

The History/Social Studies Framework draft was approved on July 14, 2016. Content, Inquiry, Literacy, Citizenship - This framework guides educators as they design, implement, and maintain a coherent course of study to teach content, develop inquiry-based critical thinking skills, improve reading comprehension and expository writing ability, and promote an engaged and knowledgeable citizenry in history and the related social sciences. The subject areas covered in this framework offer students the opportunity to learn about the world and their place in it, think critically, read, write, and communicate clearly.

History, Civics and Government, Geography, and Economics, are integral to our shared mission of preparing California's children for college, careers, and civic life. These disciplines develop our students' understanding of the physical world, encourage their participation in our democratic system of government, teach them about our past, inform their financial choices, and improve their ability to make reasoned decisions based upon evidence. Moreover, these disciplines play a vital role in the development of student literacy, because of their shared emphasis on text, argumentation, and use of evidence. These disciplines have also undergone important shifts in instructional practice since this document was last updated, and thus this framework seeks to bring current the state of these important areas of study. It should also be emphasized that achieving these goals is a shared responsibility. History-social science teachers are encouraged to collaborate with their colleagues in other disciplines to ensure that all students achieve the common goal of readiness for their future as literate, informed, and engaged citizens.

Following is an outline of the proposed professional development plan for our History/Social Studies teachers to be provided by the UCI History Project.
