**6. FACILITIES STUDY SESSION: OPTIONS FOR POTENTIAL BUILDING ADDITIONS AND/OR RECONFIGURATIONS AT ALL SITES**

The District approved three architectural firms to review and assess sites for facilities issues related to enrollment and program growth. The architects were tasked with analyzing the existing spaces and uses, looking at potential reconfiguration options to maximize space, as well as potential locations to provide building additions. Input was obtained from each school principal and staff as to what the current and future needs will be based on existing and potential future programs. This study session is an opportunity to review the plans submitted by the architects and ask questions of the architects and staff. Input will be used to finalize recommendations to the Board for the revised 10-Year Facilities Plan.

The three architectural firms will set up individual stations for each school to provide a workshop that will enable direct access to review each site separately and provide feedback. Each site will be represented by the following firm:

- Laguna Beach High School - Ruhnau Ruhnau Clarke
- Thurston Middle School - SVA Architects
- Top of the World Elementary - SVA Architects
- El Morro Elementary - DC Architects
