

LAGUNA BEACH UNIFIED SCHOOL DISTRICT

INTRADISTRICT OPEN ENROLLMENT

BP 5116.1

Students

The Governing Board desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district.

The Board shall annually review this policy.

Enrollment Priorities

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area.

The Superintendent or designee shall grant priority to any district student to attend another district school, including a charter school, outside of their attendance area as follows:

1. Any student enrolled in a district school that has been identified on the state's Open Enrollment Act list
2. Any student enrolled in a district school designated by the California Department of Education as "persistently dangerous"
3. Any student who is a victim of a violent crime while on school grounds
4. Upon a finding that special circumstances exist that might be harmful or dangerous to the student in the current attendance area. Special circumstances include, but are not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers. To grant priority under these circumstances, the Superintendent or designee must have received either:
 - a. A written statement from a representative of an appropriate state or local agency, including, but not necessarily limited to, a law enforcement official, social worker, or a properly licensed or registered professional such as a psychiatrist, psychologist, or marriage and family therapist

- b. A court order, including a temporary restraining order and injunction
5. Any sibling of a student already in attendance in that school
6. Any student whose parent/guardian is assigned to that school as their primary place of employment

Application and Selection Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, applications for intradistrict open enrollment shall be submitted between January 1 and May 30 of the school year preceding the school year for which the student is requesting the transfer. Applications received after May 30 may be considered on a case by case basis.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space.

Except for priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school's capacity.

Enrollment decisions shall not be based on a student's academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly applied to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students.

Transportation

The district shall not be obligated to provide transportation for students who attend school outside their attendance area.
