ANNUAL NOTICE TO PARENTS/GUARDIANS
2018-2019

DEAR PARENT/GUARDIAN:

California Education Code section 48980 requires that, at the beginning of the first semester or quarter of the regular school term, the governing board of each school district must notify parents/guardians of their rights or responsibilities under certain provisions of the Education Code. Other provisions of California and United States law also require notification of parents/guardians.

Education Code section 48982 requires that receipt of this notice be acknowledged by the parent/guardian. Your signature on the Data Confirmation Receipt is an acknowledgment that you have received the notice and have been informed of your rights, but the signature does not indicate that consent to participate in any particular program has been either given or withheld.

Please sign and return the Data Confirmation Receipt to your school when you finish the Data Confirmation process.

California and federal law requires certain other notices in the event that specific circumstances should arise, affecting your child's education and attendance at school. If any such circumstances should arise, the District will provide notice as required by law.

PUPIL RECORDS

RIGHTS OF PARENTS/GUARDIANS (EC §49063 *et seq.*):

- *Types of Pupil Records*: A pupil record is any item of information directly related to an identifiable pupil, other than directory information, which is maintained by the District or required to be maintained by a District employee in the performance of his/her duties, whether recorded by handwriting, print, tapes, film, microfilm or other means. Pupil records include a pupil's health record.

- *Responsible Officials.* Your child's Principal is responsible for the maintenance of pupil records located at your child's school. For pupil records maintained at the District office, the responsible official is the Superintendent.
- *Location of Log/Record:* The law requires that a log or record be maintained for each pupil's record which lists all persons, agencies, or organizations requesting or receiving information from the record and the legitimate interests therefor. For records maintained at your child's school, the log is located in the Principal's office. For records maintained at the District office, please see the receptionist.
- *School Officials and Employees/Legitimate Educational Interests:* School officials and employees who are authorized to review pupil records are school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, certificated employee, or support staff member (including, but not limited to, paraeducator, health or medical staff and school law enforcement personnel); a person serving on the school board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, educational consultant or therapist); an agency caseworker of a state or local child welfare agency that has legal responsibility for the care and protection of a pupil, other public agencies providing services to pupils, as well as employees of other public schools or school systems where educational programs leading to high school graduation are provided or where a District pupil intends to or is directed to enroll; a minor's counsel of record. Access to pupil records is permitted only for records that are relevant to the legitimate educational interests of the requester. Upon request, the District discloses educational records without consent to officials of another school district in which the pupil seeks or intends to enroll. Legitimate educational interests are described in California Education Code section 49076 and in District Board Policy 5125.
- *Right of Access and Review/Expungement:* You have an absolute right to access to any and all pupil records related to your child, which are maintained by the District. A homeless child or youth or an unaccompanied youth who is 14 years of age or older may access his/her pupil records. If you wish to review records located at your child's school, please contact the Principal's office, or submit a written request that identifies the record(s) you wish to inspect. If you wish to review records located at the District office, please contact the Principal's office. The Principal or District office has five (5) business days from the day of the receipt of a request to provide access to the records. Upon satisfactory completion of the rehabilitation assignment of a pupil whose expulsion has been suspended by the District Governing Board, the Board may order the expungement of any or all records of the expulsion proceedings. If the Orange County Board of Education enters an order reversing the decision of the District Governing Board to expel a pupil, the County Board may direct the District Governing Board to expunge the record of the pupil and records of the District of any references to the expulsion action. When you submit a written revocation of consent after the initial provision of special education and related services for your child, the District is not required to amend the education records of your child to remove any reference to your child's receipt of special education and services.

- *Challenging the Content of Records*: You have the right to challenge the content of any pupil record by filing a written request with the District Superintendent to correct or remove any information recorded in the written records concerning your child which you allege to be any of the following: (1) inaccurate, (2) an unsubstantiated personal conclusion or inference, (3) a conclusion or inference outside the observer's area of competence, (4) not based on the personal observation of a named person with the time and place of the observation noted, (5) misleading, or (6) in violation of the privacy or other rights of the pupil.
- *Copying Costs*: You may receive copies of your child's pupil records, at a cost of 20¢ per page.
- *Transfer of Records*: The District is required to transfer a copy of your child's permanent pupil records within 10 schooldays to the school your child intends to enroll.

- *Prospectus of School Curriculum*: The curriculum for your child's school is compiled at least once annually in a prospectus which is available at the Principal's office.
- *Statement or Response to Disciplinary Actions*: Whenever information is included in a pupil record concerning any disciplinary action taken in connection with your child, you have the right to include a written statement or response concerning the disciplinary action in your child's pupil record.
- *Destruction of Pupil Records*: The Governing Board of the District is required to retain indefinitely the original or an exact copy of mandatory permanent pupil records (Class 1 - Permanent Records) which schools have been directed to compile by California regulations; maintain for stipulated periods of time mandatory interim pupil records (Class 2 - Optional Records) until the information is no longer needed to provide educational services to a child and are retained until reclassified as Class 3 – Disposable Records, and then destroyed as per California regulations (5 CCR 432). Prior to destroying pupil records of a child who has received special education services, the IDEA requires parental notification when the District decides that personally identifiable information is no longer needed to provide educational services to a child. Once parents/guardians have been notified that personally identifiable information is no longer needed, they have the option of requesting access to and/or copies of pupil records prior to destruction, and to request that pupil records be destroyed, unless the District determines that the information could be needed to provide educational services in the future or is needed for auditing purposes (34 CFR 300.624, 5 CCR 16026). Model Notification of Rights for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records maintained by the school. These rights transfer to the eligible student when he/she reaches the age of 18 or attends a school beyond the high school level.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

2. The right to request that a school correct the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students who wish to ask the School to correct a record should write the School principal [or appropriate school official], clearly identify the part of the record they want corrected, and specify why it should be corrected. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. After the hearing, if the school still decides not to amend the records, the parent or eligible student has the right to place a statement with the records setting forth his/her view about the contested information.

3. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education records. However, FERPA permits schools to disclose those records, without consent, to the following parties or under the following conditions,:

- School officials with legitimate education interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date of birth, email address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic

teams, dates of attendance, degrees and awards received, and the most recent previous public private school attended by the student. However, schools must inform parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. School official must notify parents and eligible students annually of their rights under FERPA. The actual means of notification is left to the discretion of each school.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-8520

CHOOSING YOUR CHILD'S SCHOOL

A Summary of School Attendance Alternatives in California

California law [EC § 48980(h)] requires all school boards to inform each pupil's parents/guardians at the beginning of the school year of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts. Pupils that attend schools other than those assigned by the districts are referred to as "transfer pupils" throughout this notification. There is one process for choosing a school within the district which the parents/guardians live (intradistrict transfer), and three separate processes for selecting schools in other districts (interdistrict transfer). The general requirements and limitations of each process are described below.

Choosing a School Within the District in Which Parents/Guardians Live

The law (EC § 35160.5(b) (1) requires the school board of each district to establish a policy that allows parents/guardians to choose the schools their children will attend, regardless of where the parents/ guardians live in the district. The law limits choice within a school district as follows:

- Pupils who live in the attendance area of a school must be given priority to attend that school over pupils who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased," which generally means pupils must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a pupil's academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer pupils. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a pupil that transfers to another school in the district under these provisions.
- If a transfer is denied, a parent/guardian does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents/guardians to appeal a decision.

Choosing a School Outside the District in Which Parents/Guardians Live

Parents/guardians have four different options for choosing a school outside the district in which they live. The three options are described below:

1. Interdistrict Transfers

The law (EC §§46600 through 46607) allows two or more school boards to enter into an agreement, for a term of up to five years, for the transfer of one or more pupils between districts. The agreement must specify the terms and conditions for granting or denying transfers. The district in which the parent/guardian lives may issue an individual permit under the terms of the agreement, or district policy, for transfer and for the applicable period of time. The permit is valid upon endorsement by the district of proposed attendance. The law on interdistrict transfers also provides for the following:

- If either district denies a transfer request, a parent/guardian may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.
- No district is required to provide transportation to a pupil who transfers into the district.

2. Parental Employment Transfers (Discretionary)

The law (EC §48204(b)) provides that a school district may deem a pupil as having complied with the residency requirements for school attendance if one or both parents/guardians of a pupil are physically employed within the boundaries of the district for a minimum of 10 hours during a school week, or if a pupil lives at their parent/legal guardian's placement of employment outside of the boundaries of their school district of residence for a minimum of 3 days during the school week. A school district is not required to accept a pupil requesting a transfer on this basis, but a pupil may not be rejected on the basis of race, ethnicity, sex, parental income, academic achievement, or any other "arbitrary" consideration. Other provisions of the EC § 48204(b) includes:

- Either the district in which the parent/guardian lives or the district in which the parent/guardian works may prohibit the transfer if it is determined that there would be a negative impact on the district's court-ordered or voluntary desegregation plan.
- The district in which the parent/guardian works may reject a transfer if it determines that the additional cost of educating the pupil would be more than the amount of government funds the district would receive for educating the pupil.
- There are set limits (based on total enrollment) on the net number of pupils that may transfer out of a district in any school year, unless the sending district approves a greater number of transfers.
- There is no required appeal process for a transfer that is denied. However, the district that declines to admit a pupil is encouraged to identify, and communicate in writing to the parent/guardian the specific reasons for denying the transfer.
- Once a pupil is deemed to have complied with the residency requirements for school attendance based on one or both parents or guardians being employed within the boundaries of the district and the pupil is enrolled in a school in a school district whose boundaries include the location where one or both parents of the pupil is employed, the pupil does not have to reapply in the next school year to attend a school within that school district and the district shall allow the pupil to attend school through the 12th grade in that district if one or both of the pupil's parents or guardians continues to be employed within the attendance boundaries of the school district, subject to certain conditions.

3. Districts of Choice (Discretionary)

The law (EC §§48300 through 48318) allows each school district to become a "***district of choice***" --that is, a district that accepts transfer pupils from outside the district under the terms of a resolution. A school board that decides to become a "***district of choice***" must determine the number of pupils it is willing to accept in this category each year and make sure that the pupils are selected through a "random and unbiased" process, which generally means a lottery process. Pupils may request transfers into a "***district of choice***" by January 1 of the prior school year.. Other provisions include:

- Either the district of choice or the district of residence may deny a transfer if it will negatively affect the racial and ethnic balance of the district, or a court-ordered or voluntary desegregation plan. The district of residency may also limit the total number of pupils transferring out of the district each year to a specified percentage of its total enrollment, depending on the size of the district.
- The district of choice may not prohibit a transfer based on the additional cost of educating the pupil but may prohibit a transfer if it would require the district to create a new program, except that a school district of choice shall not reject the transfer of a special needs pupil and an English learner.
- No pupil who currently attends a school or lives within the attendance area of a school can be forced out of that school to make room for a pupil transferring under these provisions.
- Siblings of pupils already attending school in the "***district of choice***" must be given transfer priority. Children of military personnel may also be given priority.
- A parent/guardian may request transportation assistance within the boundaries of the "***district of choice.***" The district may provide transportation only to the extent it already does so.

The above summary of the attendance alternatives available to parents/guardians and their children is intended to provide them with an overview of the laws applying to each alternative. Any parents/guardians, who are interested in securing more information about these options, districts' policies or procedures, and timelines for applying for transfers, should contact their own school district, or the district they may be thinking about transferring into.

4. Open Enrollment

The law (EC §48350 et seq.) authorizes the parent/guardian of a pupil enrolled in a low-achieving school, as defined, to submit an application for the pupil to attend a school in a school district of enrollment, as defined. Other provisions include:

- An application requesting a transfer must be submitted by the parent of a pupil to the school district of enrollment prior to January 1 of the school year preceding the school year for which the pupil is requesting a transfer. The application deadline does not apply to a request for transfer if the parent is enlisted in the military and was relocated by the military within 90 days prior to submitting the transfer application.
- The application may request enrollment of the pupil in a specific school or program within the school district.
- A pupil may enroll in a school in the school district of enrollment in the school year immediately following the approval of the transfer application.
- A school district of enrollment shall establish a period of time to provide priority enrollment for pupils residing in the school district prior to accepting transfer applications.
- The school district of residence in which the pupil resides or a school district of enrollment to which a pupil has applied to attend may prohibit the transfer of the pupil or limit the number of pupils who transfer if the governing board of the district determines that the transfer would negatively impact a court-ordered or voluntary desegregation plan, the racial and ethnic balance of the district.
- A resident pupil who is enrolled in one of the district's schools shall not be required to submit an application in order to remain enrolled.
- Pupil applying for a transfer shall be assigned priority for approval as follows:
 - a. First priority for the siblings of children who already attend the desired school.
 - b. Second priority for pupils transferring from a program improvement school ranked in decile 1.
 - c. If the number of pupils who request a particular school exceeds the number of spaces available at that school, a lottery shall be conducted in the group priority order identified in (a) and (b), above, until all available spaces are filled.
- Initial applications for transfer to a school within a school district of enrollment shall not be approved if the transfer would require displacement from the desired school of any other pupil who resides within the attendance area of that school or is currently enrolled in that school.
- A pupil approved for a transfer to a school district of enrollment shall be deemed to have fulfilled the residency requirements for school attendance.

NOTICE OF ALTERNATIVE SCHOOLS

California Education Code Section 58501

The following notice must be sent along with the Notification to Parents and Guardians required by EC § 48980. Further, a copy shall be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- (b) Recognize that the best learning takes place when the student learns because of his/her desire to learn.
- (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or part from a presentation by his/her teachers of choices of learning projects.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

Type 2 Diabetes Information

Pursuant to California *Education Code* Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County. Also see available translations of this information.

Description

Type 2 diabetes is the most common form of diabetes in adults.

Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.

According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.

The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.

In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.

Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.

Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity. Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.

Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

Increased hunger, even after eating

Unexplained weight loss

Increased thirst, dry mouth, and frequent urination

Feeling very tired

Blurred vision

Slow healing of sores or cuts

Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms

Irregular periods, no periods, and/or excess facial and body hair growth in girls

High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.

Get more physical activity. Increase physical activity to at least 60 minutes every day.

Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

Random (non-fasting) blood sugar test. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.

Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

Know Your Educational Rights

Your Child has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.
- In California:
 - All children have the right to a free public education.
 - All children ages 6 to 18 years must be enrolled in school.
 - All students and staff have the right to attend safe, secure, and peaceful schools.
 - All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
 - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school district must provide parents/guardians with written notice of the school's directory information policy, and let you know of your option to refuse release of your child's information in the directory.

Family Safety Plans if You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported. You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

- Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.

SEXUAL HARASSMENT

BP 5145.7

Students

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult who has experienced off-campus sexual harassment that has a continuing effect on campus to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer. Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in the accompanying administrative regulation.

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained

4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will take interim measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation and that, to the extent possible, when such interim measures are taken, they shall not disadvantage the complainant or victim of the alleged harassment

Complaint Process and Disciplinary Actions

Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.

Upon investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall have his/her employment terminated in accordance with law and the applicable collective bargaining agreement.

Record- eeping

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

LAGUNA BEACH UNIFIED SCHOOL DISTRICT

CIVILITY POLICY

BP 1009

Community Relations

The Laguna Beach Unified School District endeavors to promote mutual respect, civility, and orderly conduct within our school system and seeks public cooperation with this endeavor. The District believes a safe and civil environment is essential to ensure high expectations and high student achievement and seeks to establish a work and learning environment that is safe, secure, and peaceful, pursuant to the California Constitution.

Laguna Beach Unified School District staff and students will treat parents and other members of the public with respect and shall be accorded the same treatment. The District is committed to maintaining orderly educational and administrative processes that keep schools and offices free from disruptions and prevent unauthorized persons from entering school or District grounds.

Uncivil conduct, like other forms of disruptive behavior, interferes with the ability of school and District employees to provide a high quality education for our students. It is paramount that District employees be able to serve all students equitably, without undue time demands that detract from their focus on student learning.

This policy is intended to ensure, to the extent possible and reasonable, a safe and harassment-free environment for our students and staff while maintaining individual rights to freedom of expression. The District hopes to present all employees, parents, and community members as positive role models to the students of the District, as well as the general community. Therefore, the Laguna Beach Unified School District encourages positive, respectful, and considerate communication and actions, and District discourages hostile, harassing, or excessive communication and actions. This applies to personal and electronic interactions, social media, and telephone calls.

EDUCATION CODE 48900.2: SEXUAL HARASSMENT:

In addition to the reasons specified in Section 48900, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined in Section 212.5.

For the purpose of this chapter, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive education environment. This section shall not apply to pupils enrolled in kindergarten and grades 1 to 3, inclusive. (Add. Stats. 1992, Ch. 909).

EDUCATION CODE 48900.3: HATE VIOLENCE:

In addition to the reasons specified in Sections 48900 and 48900.2 a pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, threatened to cause, or participated in an act of, hate violence.

EDUCATION CODE 48900.4: HARASSMENT, THREATS, OR INTIMIDATION:

In addition to the grounds specified in Sections 48900 and 48900.2, a pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting class-work, creating an intimidating or hostile educational environment.

A pupil may not be suspended or expelled for any of the acts enumerated unless that act is related to school activity or school attendance occurring within a school under the jurisdiction of the superintendent or principal or occurring within any other school district. A pupil may be suspended or expelled for acts that are enumerated in this section and related to school activity or expelled for acts which are enumerated in this section and related to school activity or attendance that occur at any time, including, but not limited to, any of the following:

- (1) While on school grounds.
- (2) While going to or coming from school.

"At the very minimum...students who are threatened with removal from school, depriving them of the fundamental right to a publicly financed education, are entitled to notice of the grounds for the removal and an opportunity to be heard."

Suspension shall be imposed only when other means of correction fail to bring about proper conduct. However, a pupil, including an individual with exceptional needs as defined in Section 56026, may be suspended for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to persons or property or threatens to disrupt the instructional process.

EDUCATION CODE 48900.6: DISCIPLINARY ACTION/COMMUNITY SERVICE:

Instead of disciplinary action prescribed by this article, the principal of a school, the principal's designee, or the superintendent of schools, or the governing board, may require a pupil to perform community service on school grounds during non-school hours. For the purposes of this section "community service" may include, but is not limited to, work performed on school grounds in the areas of outdoor beautification, campus betterment, and teacher or peer assistance programs. This section shall not apply to instance where suspension or expulsion is required by this article. (Add. Stats. 1995, Ch. 972).

EDUCATION CODE 48900.7: SUSPENSION OR EXPULSION FOR TERRORISTIC THREATS:

- (a) In addition to the reasons specified in Sections 48900, 48900.2, 48900.3, and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both.
- (b) For the purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in

which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family. (Add. Stats. 1997, Ch. 405)

EDUCATION CODE 48900.8: SUSPENSION, EXPULSION, PARENT NOTIFICATION AND STATE DEPARTMENT OF EDUCATION REPORT:

For purposes of notification to parents, and for the reporting of expulsion or suspension offenses to the State Department of Education, each school district shall specifically identify, by offense committed, in all appropriate official records of a pupil each suspension or expulsion of that pupil for the commission of any of the offenses set forth in subdivisions (a) to (o), inclusive, of subdivision (a) of, or paragraphs (1) to (4), inclusive of subdivision (c) of, Section 48915. (Add Stats. 1997, Ch637).

EDUCATION CODE SECTION 48915:

- (a) **Mandatory Recommendations, Permissive Expulsions:** Except as provided in subdivisions (c) and (e) the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent finds that expulsion is inappropriate, due to the particular circumstance:
- (1) Causing serious physical injury to another person, except in self defense.
 - (2) Possession of any knife, explosive, or other dangerous object of no reasonable use to the pupil.
 - (3) Unlawful possession of any controlled substance listed in Chapter 2 (commencing with Section 1053) of Division 10 of the Health and Safety Code, except for the first offense for the possession of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis. (For second offense, any amount, expulsion recommendation is mandatory. (AR 5131.6)
 - (4) Robbery or extortion.
 - (5) Assault or battery, as defined in Sections 240 and 242 of the Penal Code, upon any school employee.

A decision to expel shall be based on a finding of one or both of the following:
- (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
 - (2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.
- (c) **Mandatory Expulsions (one year from date of expulsion):** Principal or superintendent of schools shall immediately suspend, pursuant to Section 48911, and shall recommend expulsion of a pupil that he or she determines has committed any of the following acts at school or at a school activity off school grounds:

This subdivision does not apply to an act of possessing a fire arm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district.
 - (2) Brandishing a knife at another person. As used in this section, "knife" means any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing, a weapon with a blade longer than 3 ½ inches, a folding knife with a blade (any size) that locks into place, or a razor with an unguarded blade.
 - (3) Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code. (any amount)
